Environmental Policy

Schazoo Zaka (Pvt.) Ltd. is a healthcare product manufacturing company committed to protecting the health and safety of its personnel, safeguarding its immediate surroundings, and minimizing adverse impacts on the environment.

To achieve this, the organization has built an environmentally friendly facility and established & implemented procedures in line with applicable legal & regulatory environmental standards. This Environmental Policy provides the framework for the organization's Environmental Management System (EMS).

Schazoo Zaka Pvt. Ltd. shall:

- ✔ Incorporate environmental considerations into the planning, execution, and review of all activities and standard operating procedures, and generate, maintain, and retain appropriate documented information related to pollution prevention, environmental protection, and the sustainable use of natural resources.
- ✔ Provide appropriate environmental management training to all personnel and promote awareness of individual roles and responsibilities within the Environmental Management System by enhancing understanding of environmental issues and impacts.
- ✔ Identify and evaluate the environmental aspects associated with its processes, products, and activities, including those related to personnel, and assess their actual and potential impacts on the environment.
- ✔ Monitor, measure, and periodically audit environmental performance at defined intervals to ensure conformity with the Environmental Management System.
- ✔ Promote the efficient use of energy, water, production related materials & other resources, and actively support waste minimization, reuse & recycling.
- ✔ Continually improve environmental performance by reducing emissions, implementing sustainable waste management practices, and contributing to climate change mitigation efforts.
- ✔ Communicate this Environmental Policy to all relevant interested parties and make it available to the public, with the aim of promoting environmental awareness, encouraging responsible behavior within society.
- ✔ Commit to the continual improvement of the Environmental Management System by establishing SMART (Specific, Measurable, Achievable, Relevant, and Time-bound) environmental objectives and targets aligned with this policy, and periodically reviewing progress within defined timeframes.
